

'OM' means peace and harmony

Trillium Health Centre is proud to name the 'OM Fracture Clinic' in recognition of our South Asian community's outstanding generosity, through the successful Diwali Fundraiser, which celebrates the South Asian 'Festival of Lights'. Trillium deeply appreciates the dedication and charitable support of all physicians, business leaders, volunteers, participants and sponsors of the Diwali Fundraiser who have helped build this leading-edge facility. The OM Fracture Clinic is a living legacy to the founders and supporters of Trillium's Diwali Fundraiser. October 2008
