Trillium Health Centre in Mississauga received a \$400,000 funding boost for its intensive care nursery thanks to Mattamy Homes today.

Cyclists participated in Mattamy Homes' Tour de Bleu, riding 200 kilometres from Port Carling, Muskoka to the Queensway hospital on July 26.

Participants, avid cyclists and corporate partners helped to raise the large sum of money that was presented this morning, with Mississauga Mayor Hazel McCallion on hand to help celebrate.

Mattamy Homes CEO Peter Gilgan organized the first such bike tour in 2005, hoping to make it become a successful fundraiser for children in need.
