

## Tears. Concern. Comfort.

It's not an emergency, but you still need help.

You're a parent - you worry. It's probably not an emergency, but you need to be sure. That's one reason Trillium Health Centre has introduced the Urgent Care Centre at our West Toronto location (formerly Queensway site). We will assess the situation for you and see that you get the right care at the right time in the right place. The Urgent Care Centre eases the pressure on our Emergency Department. That way, when there's a real emergency you can be assured you'll get the best care more quickly.

Urgent Care. One of the innovative services that depends on your generosity.  
**To donate, call (416) 521-4095 or (905) 848-7575
